1. INTRODUCTION

These Qualification Regulations (Regulations) describe in detail how athletes and teams can qualify for the Lima 2027 Parapan American Games in each of the seventeen (17) sports from the Games Programme. It provides to the National Paralympic Committees (NPCs), to National Federations (NFs), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the leading event of the Paralympic Movement in the Americas.

These Regulations present:

- an overview of the Games Programme;
- the general AmPC regulations on eligibility; and
- each International Federation's (IF) own specific qualification criteria for its sport.

STRUCTURE OF EACH IF'S SPORT-SPECIFIC QUALIFICATION CRITERIA

Each IF's own sport-specific section in these Regulations follows a standardized format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each IF's sport-specific qualification criteria is as follows:

- Events
- Athlete quotas
- Allocation of qualification slots
- Maximum quota allocation per NPC
- Athlete eligibility (sport-specific)
- Maximum entries per NPC
- Qualification system (in the order of slot allocation)
- Timeline
- Confirmation process of allocated slots
- Reallocation of unused qualification slots
- IF contact information

QUALIFICATION METHODS

There are a variety of qualification methods that IFs may decide to employ, which may depend on the nature and traditions of each sport.

In many sports, the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Lima 2027 Parapan American Games.

The following qualification methods based on performance may be used by IFs. Methods 1, 2 and 3 are referred to as “**direct slot allocations**” as they reward performance at one competition directly with a qualification slot.

1. Placement at world championships
2. Placement at regional/zonal championships or sub-regional games
3. Placement in other IF sanctioned competitions or designated qualifiers
4. Rank on a world or regional ranking list
5. Rank on a specific Parapan American qualification ranking list
6. Achievement of a Minimum Qualification Standard (MQS) with or without subsequent quota allocation formula
7. Team completion
8. Bipartite commission invitations

In the event of any inconsistency between IF qualification methods for the Lima 2027 Parapan American Games that are published elsewhere and the IF qualification methods listed in these Regulations, these Regulations will prevail.

QUESTIONS AND UPDATES

For questions regarding sport-specific qualification issues please contact the respective IF. Questions of a general nature can be addressed via email to the AmPC at carla.damata@americasparalympic.org. Occasional updates to these Regulations may be necessary. Updates are recorded at the end of these Regulations. For the latest version of these Regulations (see date on front page) please visit www.americasparalympic.org.

At any given time the only valid version of these Regulations is the one published on the AmPC website.

OFFICIAL LANGUAGE

The official language of the AmPC is English. If any organization translates these Regulations for internal purposes the English version will prevail in case of discrepancy.

3. GENERAL AMPC REGULATIONS ON ELIGIBILITY

In addition to each IF's own sport-specific athlete eligibility criteria the AmPC has established a set of general eligibility criteria that apply to all participants in the Parapan American Games. They ensure that the fundamental rights and obligations of the AmPC and its membership are recognized and protected. The general AmPC regulations on eligibility are as follows:

AmPC MEMBERSHIP

Only NPCs from the Americas region and in good standing with the AmPC may enter duly qualified and eligible athletes in the Lima 2027 Parapan American Games. NPCs are also reminded that each NF must be in good standing with the NF's respective IF, as required by that IF.

COMPLIANCE WITH AmPC ATHLETE NATIONALITY REGULATIONS

Any athlete in the Lima 2027 Parapan American Games must comply with the provisions of the AmPC Nationality Regulations.

MINIMUM AGE REQUIREMENT

No minimum age limit for athletes competing in the Parapan American Games is stipulated by the AmPC on a general basis. However, NPCs must note that an age limit may be established by IFs through their own sport-specific rules and athlete eligibility criteria (including those set out in the sport-specific sections of these Regulations). While the Parapan American Games welcomes the Americas' youth with an impairment, NPCs are encouraged to send to the Parapan American Games only athletes who are adequately prepared for high performance competition.

UNDERSTANDING AND AGREEING TO THE CONDITIONS OF PARTICIPATION

To be eligible for participation in the Lima 2027 Parapan American Games all athletes must sign and agree to comply with the AmPC Conditions of Participation Agreement. This agreement is part of the NPC registration process.

NPC SELECTION STANDARDS

The AmPC recognizes and respects the right of NPCs to establish their own national selection standards for determining the qualification of an athlete or team to compete in the Lima 2027 Parapan American Games. Such standards must be compliant with those established by the AmPC as well as those of each respective IF. Any national selection standards must also align with confirmation dates and administrative deadlines of the Lima 2027 Organizing Committee. All athletes and teams are equally subject to their respective NPC's selection standards.

COMPLIANCE WITH CLASSIFICATION RULES

Only qualified athletes who meet the relevant IF's sport-specific classification rules and have an appropriate sport class and sport class status will be eligible for entry in the Lima 2027 Parapan American Games. It is the responsibility of each NPC to ensure that its athletes are appropriately classified in their respective sports prior to entry and that each athlete holds a sport class and sport class status that complies with the IF's eligibility requirements as published in these Regulations. In particular, an athlete is only eligible to be entered in an event that is open to their respective sport class under the relevant IF's rules.

In certain sports, as specified in the sport-specific sections of these Regulations, NPCs are permitted to provisionally select athletes with a Sport Class Status of (i) New; (ii) Review; and (iii) Review with a Fixed Review Date of 2027 or earlier, subject to such athletes attending an Evaluation Session prior to or during the Games (including any required in-competition Observation Assessment).

4. BIPARTITE COMMISSION INVITATIONS

The AmPC and certain IFs have sought to provide targeted qualification slot allocations through Bipartite Commission Invitations. Bipartite Commission Invitations are included in the overall athlete quotas of the relevant sports chapters as set out below.

Subject to the following, Bipartite Commission Invitations are granted by the AmPC in its sole discretion following engagement with the relevant IF. To be eligible for a Bipartite Commission Invitation, in all circumstances:

- (a) an athlete must meet the general AmPC regulations on eligibility above and the IF's own sport-specific eligibility criteria below; and
- (b) an athlete must meet the relevant IF's classification eligibility requirements and may only be granted a Bipartite Commission Invitation in relation to an event that is open to their respective sport class under the relevant IF's rules.

While at the sole discretion of the AmPC, Bipartite Commission Invitations may typically consider the following factors:

- allowing the participation of top athletes who may not have had the opportunity to qualify through other methods due to extraordinary circumstances;
- ensuring the representation of athletes with high support needs;
- enabling greater representation by gender;
- ensuring medal events will have sufficient representation for event viability purposes; and/or
- optimizing the presentation of a particular contest within its competition format and schedule.

Each Bipartite Commission Invitation is granted to an individual athlete, not to the respective NPC. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

Where applicable, the timeline for submission and acceptance of Bipartite Commission Invitation applications is set out in the relevant IF's chapter of these Regulations.

5. REDISTRIBUTION POLICY OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots that their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each IF's chapter of these Regulations. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective IF's chapter of these Regulations.

Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the reallocation deadline) may be redistributed at the sole discretion of the AmPC to any sport on the programme and across gender categories. However, in all circumstances slot redistributions cannot be used to override:

- a) the general AmPC regulations on eligibility above; or
- b) the IF's classification eligibility requirements, and slot redistributions may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules.

Each slot redistribution is granted to an individual athlete, not to the respective NPC. All redistribution decisions are final with no opportunity for protest or appeal.

6. UNIVERSALITY WILD CARDS

To be confirmed.

7. KEY DATES

The following dates and deadlines have been established by the AmPC and the Lima 2027 Organizing Committee:

BEGINNING OF QUALIFICATION PERIOD: 1 JANUARY 2025

Subject to the following, each IF will determine its own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Lima 2027 Parapan American Games:

- a) No IF may establish a qualification period that begins prior to 1 January 2025, whereby direct slot allocations (as defined above) are obtained by athletes or teams for the Lima 2027 Parapan American Games.
- b) Results attained before this date cannot be considered for qualification to the Parapan American Games. Exemptions may be granted by the AmPC under exceptional circumstances. However, results and rankings from the Santiago 2023 Parapan American Games must not contribute to athlete qualification for the Lima 2027 Parapan American Games.
- c) Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

ACCREDITATION DEADLINE: 11 JUNE 2027

Each NPC must submit to the Lima 2027 Organizing Committee complete information about every potential delegation member who may attend the Lima 2027 Parapan American Games. This “Accreditation Long List” includes athletes (including, but not limited to, duly qualified, replacements, substitutes, bipartite candidates), competition assistants (such as guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés, Chefs de Mission, NPC Presidents, NPC Secretaries General and accompanying guests. Only athletes who are registered by 11 June 2027 can be entered into the Lima 2027 Parapan American Games by the sport entries deadline (see below).

SPORT ENTRIES DEADLINE: 12 JULY 2027

Sport entries is the official registration process for qualified athletes selected to participate in the Parapan American Games. Any athlete an NPC may choose to enter must meet all applicable eligibility criteria by the time the entry is made. The athlete must also be on the “Accreditation Long List” (see previous section). The last possible day to meet the applicable eligibility criteria is 12 July 2027. Sport entries will close at 23:59h, Lima time, on 12 July 2027.

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to an individual athlete. In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of one (2) qualification slots per individual medal event in the compound and recurve categories, and (1) qualification slot per individual medal event in the W1 categories, for a total of ten (10) qualification slots. Exceptions may be made via the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 30 September 2027.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of two (2) eligible athletes per individual medal event in the compound and recurve categories; and one (1) eligible athlete per individual medal event in the W1 categories. Athletes must be entered in the medal event in which the slot was obtained. Exceptions may be made for Bipartite Invitation recipients.

An NPC automatically enters a maximum of one (1) mixed team comprised of one (1) eligible male and one (1) eligible female athlete if they have athletes competing in both genders. Team members are selected from the athletes who compete in the individual events. In principle the highest ranked male athlete and the highest ranked female athlete will be considered as the team, but the team composition can be modified up to 15 minutes before the start of the first team match.

An NPC can enter a double in the categories in which they have qualified for the doubles event (2 archers of the same gender and category).

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL												
Host Country Allocation	The Host Country directly qualifies one (1) athlete for each individual medal event. To qualify a double, the host country must win a doubles position in any of the two qualifiers for this event.	3 male athletes 3 female athletes

Para Pan American Championships Allocation	The top three doubles in the recurve and compound categories will win 2 spots for their NPC. (12 male and 12 female athletes). The NPCs who won a doubles position in the Para Pan American Championships will not compete for new positions in this second qualifier. The highest ranked athletes in each individual match play with athletes from NPCs that have not won a position yet in a specific category will each obtain one (1) qualification slot (only one per NPC) according to the following matrix. <table><tr><td>Men's Individual W1</td><td>1</td></tr><tr><td>Men's Individual Compound</td><td>1</td></tr><tr><td>Men's Individual Recurve</td><td>1</td></tr><tr><td>Women's Individual W1</td><td>1</td></tr><tr><td>Women's Individual Compound</td><td>1</td></tr><tr><td>Women's Individual Recurve</td><td>1</td></tr></table> Should the doubles position be won by an NPC which had already won an individual spot in the Para Pan American Championships, this individual position becomes vacant and will be allocated to the next individual archer in the second qualifier whose NPC does not have spot.
